

Internship Posting Fall, 2017

<b>Organization name</b>	Los Alamos Daily Post
<b>Mentor/Contact name</b>	Carol A. Clark
<b>Address</b>	1247 Central Ave., Los Alamos, NM 87544
<b>Phone number</b>	505.490.9838
<b>E-mail address</b>	caclark@ladailypost.com
<b>Organization website</b>	www.ladailypost.com
<b>Describe your organization</b>	The Los Alamos Daily Post is the official newspaper of record in Los Alamos County. It is published online seven days a week and in print each Thursday and delivered to every home and business in Los Alamos and White Rock.
<b>Internship title</b>	Student Intern Technical Assistant
<b>Specific days/hours (if applicable)</b>	Flexible
<b>What will the student learn from the internship?</b>	We will teach the student how to create an app for the Los Alamos Daily Post.
<b>What does your business need that a student intern can impact?</b>	We are going to develop a telephone app for the Los Alamos Daily Post and will have an expert available to mentor the student in the creation of the app.
<b>What project(s) will the intern work on?</b>	The student will work with a technical expert to develop a telephone app for the Los Alamos Daily Post.
<b>What skills are required for this internship?</b>	Basic computer skills and general coding ability.
<b>What final deliverables will the student produce?</b>	A telephone app for the Los Alamos Daily Post
<b>How would you describe the primary purpose of this project? (Select one)</b>	Computer Science/IT
<b>If "Other", please specify</b>	N/A
<b>Any additional information you would like to share?</b>	We have mentored three students in the past two years through this CIC program and find it a wonderful and rewarding experience.

The Community Internship Collaboration (CIC) is a joint partnership of the Los Alamos National Laboratory, Los Alamos National Security, LLC, UNM-Los Alamos, Los Alamos High School, and the Small Business Development Center. CIC was established to fill an employment gap in the community and expand partnerships between the Laboratory, small business owners, and schools. The program's goals are to provide meaningful work experiences for students, meet area workforce needs, and to develop the future workforce for our community, the region, and the Laboratory.
