The Community Internship Collaboration (CIC) is a joint partnership of the Los Alamos National Laboratory, Los Alamos National Security, LLC, UNM-Los Alamos, Los Alamos High School, and the Small Business Development Center. CIC was established to fill an employment gap in the community and expand partnerships between the Laboratory, small business owners, and schools. The program's goals are to provide meaningful work experiences for students, meet area workforce needs, and to develop the future workforce for our community, the region, and the Laboratory. Learn more at losalamos.unm.edu/community/CIC.html.
