      iv. Pat and Ann Soran have decided to donate $10,000 for a UNM Los Alamos endowment through the Los Alamos Community Foundation. They have pledged an additional $5000 for matching funds.

6. **New Business – Board Action Items**
   a. **Election of Officers**
      i. Michelle Hall motioned to nominate Steve Boerigter for a consecutive term as UNM Los Alamos Advisory Board President. Motion carried by unanimous vote.
      ii. David Sutton was nominated as Secretary. Motion carried by unanimous vote.
      i. Based on the increase of 2% funding to higher education funding through the legislative process, most NM higher education entities are committed to not raising tuition.
      ii. Exhibits presented by Bob Harmon showed that UNM Los Alamos has the highest tuition rates for two-year higher education institutions in NM. Continued discussions included the inclusion of tuition rates of UNM ABQ and Highlands University on this table in the future, recognizing that they are not two-year institutions.
      iii. Despite previous tuition increases, UNM Los Alamos continues to grow in enrollment.
      iv. Tuition comprises approximately 20% of overall revenue for UNM Los Alamos
   c. **Several revisions to fees were proposed. (Attachment B)**
      i. Eliminate the application fee would make registrations easier and would be consistent with some of the other branches. It would result in a $3000-$3500 reduction in revenue.
      ii. Revise the Student Facility Fee proposal to charge a flat fee of $3 per credit hour rather than having a “floor” of a $12 fee for 1-4 credit hours with $3 per credit hour fee charged to those taking 5 or more credit hours. This will simplify our overall fee structure.
      iii. Changes to course fees and curriculum fees were also proposed. The proposed change to the Online Fee (a curriculum fee) would eliminate the current $50 per online fee per course, and change it to a $10 per credit hour fee renamed as an Instructional and Technology Fee. This fee will fund faculty training for online course development and provide funding for a tutor to assist students in navigating online courses. The change in online fees will result in approximately $40K loss of revenue for the campus, but the monies from this fee must be spent consistent with guidelines for curriculum fees.
      iv. Michelle Hall motioned to not to raise tuition and adopt the proposed fee structure. Motioned passed by unanimous vote.
   d. **Proposed letter to the new UNM President**
      i. A draft welcome letter to the new UNM President, Dr. Stokes, was presented to the Advisory Board for consideration.
      ii. Michelle Hall suggested that a unique fact about UNM LA be included in the letter.
      iii. The board agreed that the Chair would work with Cindy Leyba to finalize and send the letter.
