Tips for using the Semester Calendar at a Glance

- Collect all of the syllabi and/or course schedules for your classes. For online classes, you may want to print out your syllabi from your course pages in Learn.
- Select a different color for each course
 - For example:
 - English
 - Math
 - Biology
- Write each major assignment, quiz, and test on the corresponding date
- Update it if new work is assigned or due dates change
- As you go through the semester, cross off the days. This will help you feel and see the progress you are making!
- Put this page somewhere you can look at it each day
 - For example:
 - Post this above your work space at home
 - Put this in a page protector to keep in the front of your organizer or binder
 - Take a picture of this and save it in your phone
 - If you use an agenda or planner, staple this into the inside cover

*Please note: holidays and other class dates are subject to change, according to the UNM and UNM-Los Alamos calendars. Check your LoboMail frequently and see our website for any changes: losalamos.unm.edu.
