Re: 2022 Summer Bridge Program

Dear Students, Parents, and Counselors:

We are excited to announce the 2022 Summer Bridge Program at UNM-Los Alamos.

This year we will be focusing our attention on supporting students in their **math** pathways. By focusing on just the math course during the **intensive 8-week program**, first-time freshmen will be able to hone their math skills, improve their academic success, and make progress toward completing their math requirement. If students are interested in taking an additional course, they can speak to an academic advisor for assistance.

In addition to the math course, students will participate in **weekly student success meetings\*** designed to help students in their transition to college life. Students will learn what is different in college and how to navigate the system of higher education. Advisors and instructors will cover a range of topics, including calculating grades, time management, degree audits, financial aid, and more.

By participating in the weekly meetings, students will receive a **scholarship** that pays the tuition for their math class and optional second class. Students will be responsible for books and fees.

This program is specially tailored for first-time freshmen planning to attend UNM-Los Alamos in the fall. If you would like more information about our degree programs, please visit us online at [losalamos.unm.edu](https://losalamos.unm.edu) or contact us to set up a personal appointment to discuss all of the opportunities UNM-Los Alamos has to offer.

The **Mandatory Orientation\*** session for Summer Bridge will be held at 3:00 PM on Wednesday, June 1, 2022. Classes for summer semester begin **Monday, June 6**. Applications are available now, with a **priority deadline of May 6, 2022**.

For more information or to schedule an appointment, please contact me at [jtgallegos@unm.edu](mailto:jtgallegos@unm.edu).

We look forward to welcoming you to our campus!

Sincerely,

Tony Gallegos  
Academic Student Success Manager  
[jtgallegos@unm.edu](mailto:jtgallegos@unm.edu)

**\*There may be changes to the Student Orientation and Weekly Meetings due to possible issues arising from COVID-19. All students accepted to the Summer Bridge program will be updated regularly through their UNM email account. Please check your email frequently or reach out to an Academic Advisor if you have any questions. Thank you.**
