PLAN, PLAN, PLAN

Another semester has begun and it’s time to plan for the next few weeks. It is important to get back into a routine that worked for you—one that balances your schoolwork, job, mental health, and social life.

- During the first week of classes, it is important to establish your plan for the semester.
- Thoroughly read and dissect the syllabus, and put the due dates of assignments, essays, exams, and projects in your calendar.
- Make a weekly schedule with classes, office hours, when to do homework, study, work out, etc.
- Spend time studying during the first couple of weeks so the first exam does not just creep up on you.
- Sleep well, eat well, and get exercise.
- Review your notes every day, and keep your workspace clean and organized.
- Go to office hours and email your professors regularly; ask questions and seek help when you need it.
- Set a routine and stick to it!

If you found a plan that works and it helped, keep doing it. If you did it before and it did not help, stop doing it. You have to have a plan and you have to be patient while you practice the plan.

FEBRUARY IS BLACK HISTORY MONTH

Conceived of by Black historian Carter G. Woodson and first celebrated as Negro History Week in 1926, Black History Month has become an integral part of Americans’ understanding of their history and culture, and an essential celebration of the contributions made by Black Americans to all aspects of our society. At the same time it remembers the long struggle against prejudice and oppression, and calls attention to the work that remains to be done. To learn more, there are limitless resources available. The National Archives (www.archives.gov/news/topics/african-american-history) and the National Museum of African American History (nmaahc.si.edu) are two great places to start.

The University of New Mexico-Los Alamos is committed to the recognition and the proactive pursuit of compliance with the Americans with Disabilities Act of 1990 (ADA). The University makes reasonable accommodation for religious observances, national origin practices of a student and to the known physical or mental limitations of a qualified student, unless such accommodations have the endresult of fundamentally altering a program or service or placing an undue hardship on the operation of the University. Qualified students with disabilities should contact Student Services for information regarding accommodations in the academic and/or employment setting. If you have a special need and require an auxiliary aide and/or service, please contact Student Services at (505)662-8319.

PREP FOR UPCOMING JOB FAIRS

Spring is the season for job fairs! UNM uses the Handshake platform for job searches and virtual events. This tool is exclusively for students and recent graduates, so you are not competing against seasoned professionals. No experience required. You can search for jobs that suit you! Sign up for Handshake and create your profile now: unm.JoinHandshake.com. Fill out at least the following sections to make you most appealing to employers: Job Interests, Previous Work Experience (including part-time, internships, work-study, college-based research, or volunteering), Skills, including field-specific (like programming languages) and transferrable (like communication or teamwork), and Clubs & Organizations. Be sure to make your profile public, so employers can search for you!

Upcoming career fairs in Handshake:
UNM Virtual Career Expo, February 10, 11:00-2:00
UNM-LA Virtual Job Fair, March 10, 11:00-1:00

BUSINESS INTERNSHIP OPPORTUNITY

Students! Longenecker & Associates, a contractor to LANL, is seeking a Business Management Intern for the summer (tentative dates are May 16–August 5). Selected interns will be paid $22–$25 per hour depending on experience and year in school. Interns will support the business operations team (HR, Finance, Operations) with project management, business analysis, developing tools, conducting research reviewing processes, analyze projects and business systems, and conduct quality reviews, among other duties. This is an incredible opportunity for students interested in business, management, accounting, and finance. Applications are due no later than February 21. Contact Grace Willerton, gwillert@unm.edu, for more details.
**AFFORDABLE CONNECTIVITY PROGRAM**

Students! You and/or your families may be eligible to receive discounted internet service through the Federal Communications Commission's Affordable Connectivity Program. You may also be able to receive a discount toward the purchase of a laptop, desktop computer, or tablet. You only need to meet at least one of the criteria listed below. STUDENT SERVICES

Student Services is a central hub of information for prospective, current, and former students to find assistance and answers to questions about admissions, financial aid, registration, academic advising, career services, and other resources on campus.

Admissions

The Office of Admissions can help if you have questions or are ready to apply to UNM-Los Alamos. The Office of Admissions can provide application instructions for degree-seeking, non-degree, dual credit/concurrent, international, senior, or transfer students. Complete details can be found on the Admissions page: losalamos.unm.edu/admissions.

Financial Aid

The Office of Financial Aid provides information on financial resources available to degree-seeking students. These resources may include scholarships, grants, and loans from the federal or state government, independent organizations, and/or UNM-LA itself. UNM-LA determines financial aid eligibility from the FAFSA, so please take time to file this document online every year. Don’t assume you are ineligible—there are many opportunities to pursue.

Enrollment Services

The Office of Enrollment Services at UNM-LA processes high school and other college transcripts for admissions and maintains transcripts of current and former students. The registrar can also answer questions about dual credit and concurrent enrollment, VA benefits, and graduation requirements.

Academic Advising & Student Success

Academic advisors can provide guidance through the admission process, degree and course selection, and registration. Advisors also assist with changing a major, following up instructors’ early alerts, filing graduation petitions, and planning for baccalaureate work. Advisors can also help resolve registration errors. Degree-seeking students must meet with an advisor before registering for each semester to check that their chosen classes will continue to make progress toward their degrees and to have their advising hold lifted. The Academic Student Success Manager coordinates ADA accommodation services for students, and oversees academic advisement, student retention, and success initiatives.

Career Services

Student Services offers career services to assist students with self-exploration, selecting a major, and opportunities for gaining experience in their chosen fields. Career services also include resume reviews, internship connections, job fairs, quantifying or translating skills, sharing job postings, and building connections between employers and our students.
